Dear Parents,

At Foundation First Childcare Development Center, we cannot express the importance of making us aware of any developmental needs and behavioral issues related to your child prior to enrollment. It is imperative that we are aware of this critical information as it is essential to provide your child with the best possible education and support as we interact and teach them daily.

One of our goals as a childcare development provider is that we can play a crucial role in supporting parents of children with various issues by fostering strong partnerships and open communication. When you flag your child's needs, we can take steps to ensure they have the support they need to succeed. This may include providing additional support and learning opportunities for them to grow and progress in our childcare environment.

We understand that discussing your child's challenges can be difficult, but it is important to remember that we are here to help your student thrive. At Foundation First, we want to work with you to ensure your child has a positive and successful school experience.

If you have any information, concerns and issues about your child's development and/or serious behavior challenges, please email me directly at admin@foundationfirstccdc.com.

_____ *Mark X acknowledging that your child DOES NOT have any developmental and/or behavioral issues or challenges that Foundation First should be made aware of.*

Sincerely,
Mrs. Capri Scott, Owner
